

A wooden board shaped like a house with a gabled roof. It features several geometric cutouts: a simple upward-pointing arrow in the top left; a T-shape in the top center; a downward-pointing arrow in the top right; a house-shaped cutout in the middle left; a vertical rectangular cutout in the middle center; a downward-pointing arrow with a horizontal bar across its middle in the middle right; a house-shaped cutout in the bottom left; a jagged, zig-zag shaped cutout in the bottom center; and a house-shaped cutout in the bottom right. A dark-stained wooden puzzle piece, consisting of a vertical bar and a horizontal bar, is placed on the left side of the board, partially overlapping the house-shaped cutout in the middle left and the house-shaped cutout in the bottom left.
