## INSTRUCTIONS

It offers a strict test of one's IQ, memory, patience and confidence.

Before combining, please read the instruction carefully and keep them properly. Wisdom blocks, totalling 13 pieces with their shapes and numbers as follows:

How to play: Please work in the case and start with the "guiding block" as indicated in the following square and then proceed with the remaining parts to complete the square. Please keep records of solution.

Special case is provided here, and solution to any figure are different.

**3 x 3 x 3 cube**  
To select 8 blocks, you may combine them into a 3 x 3 x 3 cube as shown on the left. Please refer to example. You may complete combination with any of the following 4 sets of blocks. Please use your wisdom.

example: blocks No. (1), (3) (4), (5), (6) and (7).

**4 x 4 x 4 cube**

The total 13 blocks can be combined into the 4 x 4 x 4 cube as shown on the left. Please refer to example. Please combine in 4 x 4 square on the back of the box. Take any one of the blocks as a beginning and put it on the upper left 4 x 4 square. It may be put either vertically or horizontally in any direction, but then should not be moved. Then combine with the remaining 12 blocks. Take the figure as an example with block No.9 as a beginning; solution to any figure can be completed. To deduct accordingly, this 4 x 4 cube has 100 solutions at least.
