Solution part 2

12 The top end of the "W" piece is clear of the bundle. Now, prepare to join the top end of the "HANAYAMA" piece to the hollow of the "W" piece.

13 The 3 pieces will look like the diagram.

14 The top end of the "HANAYAMA" piece is clear of the "W" piece.

15 The top end of the "HANAYAMA" piece is clear of the bundle.

16 The tails of the 3 pieces will then look like they are tangled together.

17 Join the bottom ends of the "HANAYAMA" piece and the "W" piece and clear them from the bundle.

18 The trick here is to join the top end of the "W" piece to the hollow of the "VORTEX".

19 When the "W" piece and the "HANAYAMA" piece come apart, the 3 pieces will look like they are connected in a chain as in the diagram.

20 All that is left to do is to remove each piece starting with the "HANAYAMA" piece.

21 Once the "W" piece and the "HANAYAMA" piece are removed, all 3 pieces can be separated.

22 After observing the differences of the 3 pieces, put them back together, paying attention to the order in which you joined them.
